

## Slit coupling D1=7 / D2=10 (Z 121.07010XX)

Article number: 11034133

### Overview

- Electric isolated

### Technical data

#### Technical data

|               |            |
|---------------|------------|
| Speed         | < 3000 rpm |
| Torque        | < 6 Ncm    |
| Axial offset  | ±0.25 mm   |
| Radial offset | ±0.15 mm   |

#### Technical data

|                |                                          |
|----------------|------------------------------------------|
| Angular error  | ±2.5 °                                   |
| Weight approx. | 40 g                                     |
| Material       | Flange: aluminium<br>Coupling: Hostaform |

### Dimensions
