

## Idler pulley (Z 119.104)

For cable transducers from 5 - 15 m (GCI15 / GCA15) with cable thickness 1 mm

Article number: 11241935

### Overview

- Idler pulley for cable transducers from 5 - 15 m (GCI15 / GCA15)
- Can be mounted directly on the cable transducer
- For applications with rope exit  $>3^\circ$
- For angled and confined installation space

### Technical data

#### Technical data - mechanical design

Weight approx. 60 g

### Description

Idler pulley can be mounted directly on the GCI15 / GCA15 cable transducer.

### Scope of delivery

Idler pulley, M6 x 10 DIN912, mounting plate

### Suitable for

GCI15 / GCA15 - 5 m , 7,5 m, 10 m, 15 m with cable thickness 1 mm

## Idler pulley (Z 119.104)

For cable transducers from 5 - 15 m (GCI15 / GCA15) with cable thickness 1 mm

Article number: 11241935
