

Overview

- 10-GigE PCIe interface board
- PCIe x4 (quad lane)
- converged network adapter
- dual GigE port
- max. power consumption 8.4 W (10 GigE single port use) / 13.0 W (10 GigE dual port use)
- incl. SW driver (CD)

Technical data

General data

Manufacturer designation	Intel® Ethernet Converged Network Adapter X550-T2
--------------------------	---

Interface

Bus	PCI Express
Bus width	PCIe x4 (quad lane)
Data interface	GigE
PoE support	no

Interface

Number of ports	2
Ports	2x RJ45
Transfer rate	10 Gigabit Ethernet, Übertragungsrate 10000 Mbits/sec, Gigabit Ethernet, Übertragungsrate 1000 Mbits/sec

Environmental conditions

Conformity	RoHS
