

ZVK-IR/UV Filter Sealing Pack 1.63*11.3

Article number: 11177566

overview

- 5 IR/UV cut filters and sealings for VCX cameras with ONSem Python2000 and Python5000 sensors to install a filter in monochrome models
- The exchange causes a modification of the optical distance and makes the focal flange distance longer. Please check the suitability of the chosen lens.
