

ZVK-Sealing Pack 3.05*8.36mm

Article number: 11177215

overview

- 5 sealings for VCX cameras with ONSemi Python300, Python500 and Python1300 sensors to install instead of the filter in color models
- The exchange causes a modification of the optical distance and makes the focal flange distance shorter. Please check the suitability of the chosen lens.
